

Spectral AI Comments on Compliance with Nasdaq Listing Rule 5550(b)(2)

Dec 13, 2024

DALLAS, Dec. 13, 2024 (GLOBE NEWSWIRE) -- Spectral AI (NASDAQ: MDAI) ("Spectral AI" or the "Company"), developer of the AI-driven DeepView® System, which received Breakthrough Device Designation from the U.S. FDA in 2018, that uses multi-spectral imaging and algorithms to predict burn healing potential, today announced today that the Company believes it has regained compliance with Nasdaq Listing Rule 5550(b)(2), which requires listed companies to maintain a minimum market value of listed securities of \$35 million.

The market value of Spectral AI's common stock has exceeded \$35 million at the close of trading for the last 10 consecutive business days, as required by Nasdaq rules. The company has notified Nasdaq of its compliance and is awaiting confirmation from the exchange.

About Spectral AI

Spectral AI, Inc. is a Dallas-based predictive AI company focused on medical diagnostics for faster and more accurate treatment decisions in wound care, with initial applications involving patients with burns and diabetic foot ulcers. The Company is working to revolutionize the management of wound care by "Seeing the Unknown"® with its DeepView® System. DeepView is a predictive device that offers clinicians an objective and immediate assessment of a wound's healing potential prior to treatment or other medical intervention. With algorithm-driven results and a goal of exceeding the current standard of care in the future, DeepView is expected to provide faster and more accurate treatment insight towards value care by improving patient outcomes and reducing healthcare costs.
